

# The Display Handbook 22/23

# A creative solution for every need

## Create greater brand awareness to stand out from the crowd

Our extensive portfolio of display products includes everything from portable A-sign boards, roller banners and digital displays to custom built exhibition stands, helping brands to creatively capture the attention of their target audience across a variety of display solutions and vibrant printed graphics.

-  Best seller
-  1 Year hardware guarantee
-  5 Year hardware guarantee
-  Comes with bag
-  Illuminated product
-  Available for use outdoors
-  Custom sizes available
-  Made in Europe
-  Use with fabric graphic
-  Use with PVC graphic
-  Use with self-adhesive graphic
-  Use with rigid panel graphic
-  Direct printing onto hardware

# A solution for every requirement

## Our comprehensive range of creative display solutions

Our goal is to offer a comprehensive range of innovative products for a variety of industries and applications, all from a single supplier. This collection contains our portfolio of creative display solutions including our latest new products.

### 01 Display Stands

Complete exhibition stand solutions, incorporating hanging structures, modular stands, towers and customised stands

### 02 Display Backwalls

Large format graphic backdrops which are ideal for conferences, promotional activities and events

### 03 Display Signs

Professional wall, floor and suspended signage solutions

### 04 Display Banners

Portable display options, ideal for temporary deployment

### 05 Flag Banners

Attract attention at a distance through movement with eye-catching flag solutions

### 06 Tents

Perfect outdoor temporary shelters, outdoor pop-up shops and market stalls

### 07 Counters

Adaptable and portable temporary counters for promotional, display and exhibition applications

### 08 Barriers

Convenient and easy barrier systems, to create temporary areas, manage queues and control crowds

### 09 Ancillaries

Accessories designed to increase the functionality of a chosen product range

# Display Stands

Display stands are the perfect solution for an array of different applications. From exhibitions, conferences, events, retail event zones to window displays and product showrooms; their uses are unlimited. The perfect stand will showcase and increase the opportunity to interact with existing and potential customers by creating engaging, and innovative brand promotion and messaging.

Our Display range of products include hanging structures to attract interest from a distance, modular stand components and display towers that can be combined to create truly contemporary and captivating exhibition spaces. The collective modular systems; Modulate™, Formulate, Vector and Linear are all designed to work in unison, to deliver a re-usable and reconfigurable exhibition stand. In addition, stands from the modular range also all feature replaceable graphics, thus protecting the investment in hardware, whilst still being renewable by updating branding or marketing messages.

Creating an effective display stand that drives results is extremely straightforward with this collection of pre-configured solutions. Simply select a design for inspiration whilst considering floor size and parameters of price-point. For a more unique stand construction, the modular range can also be customised - incorporating precise requirements with all the benefits that modular exhibition systems offer for complete creative innovation.

## Stand component systems

### Modulate™

Modulate™ is the fusion between two of our original concepts: Formulate and Vector. The range is composed of various frames made of aluminium tubes, equipped with the patented magnet system: MagLink. Modulate™ provides a custom build solution through its hundreds of possible configurations using the various modules.

### Vector

One of the simplest and most versatile communication solutions on the market. Vector is an aluminium frame system with a stretched fabric graphic that adapts to any environment. With a variety of different profiles, all applications are possible: suspended, wall-mounted, self-supporting, double-sided or illuminated.

### Linear

A versatile POS and stand solution which enhances flexible and rigid PVC supports. Linear can either be a visible or invisible structure, where stands can be configured according to available space and the desired design.

### Arena

A tubular aluminium gantry structure that is both extremely strong and light. The different sections can be assembled according to the space and can be covered with fabric or vinyl graphics.

### Hanging Structures

Make your exhibition stands stand out with an eye catching Vector LED hanging structure. Vector LED are the perfect combination of our versatile Vector frames combined with a powerful LED system. Alternatively, select one of our lightweight Formulate hanging structures to compliment your stand design, which uses a lightweight 30mm tubular system that can be neatly wrapped in a fabric printed graphic.

### Arch

The Formulate Arch offers a freestanding walkway solution created using our 30mm Formulate structure, which is lightweight and easy to build.

## Considerations for exhibitions

### Why exhibit at a trade show?

Trade shows remain the preferred communication channel for companies seeking to increase their reputation and promote their image.

The benefits of a trade show are vast and very attractive. They enable several actions to be carried out in a relatively short period of time:

- Brand positioning
- Prospecting
- Market research
- Launch of new products
- Building customer loyalty
- Business networking

### The centrepiece: your stand

The success of any trade show depends on its cost vs quality and ROI for generating leads and meeting other sales / marketing objectives.

#### 1. Location:

How much space? How many open sides?

#### 2. The design:

Which media: textile, rigid, flexible panels?

Need to communicate in height: sign, extension or extension of storage room?

Do you need a storeroom to store equipment? What kind of lighting?

#### 3. Use:

How often?

Will it need to be scalable in shape and size?

What means of transport do you have?

Will the stand be reused in another environment i.e. customer showroom, inhouse events etc.?

#### 4. The budget :

What is the budget for the stand?

Over how many shows will it pay for itself?

### The keys to success

To have a successful trade fair, it is essential to :

- Set 3 to 5 objectives that will guide the marketing strategy of the event
- Ensure maximum visual impact with a quality stand that will enhance the company's image (openings, suspended communication, graphics, materials, etc.)
- Implement effective communication and promotion: before, during and after the event (emailing, invitation, social networks, stand promotion, etc.)

### Why choose a modular stand?

- Lightweight and compact
- Reconfigurable
- Quick payback
- Durable
- Easy to assemble
- Standard or custom made
- Unlimited message renewal
- Ergonomic

MODULATE™

## Modulate

### The best way to attract attention

Modulate™ is the result of the fusion of two original concepts that have proven successful in the exhibition and retail world; Formulate tubular solutions and the modularity of Vector frames.

Modulate™ is a collection of various frames made from aluminum tubes and covered with a printed textile cover. These frames can be easily connected to each other by means of powerful magnets placed inside each structure.

Based on this simple magnetic principle, it is possible to combine the different Modulate™ frames to create configurations for all communication areas: at the point of sale, at trade fairs, in exhibition areas, in shopping centres or simply within companies themselves.

### MagLink connector, simple, fast and reconfigurable

Thanks to the exclusive MagLink magnetic system integrated into the structure, you can connect the frames to each other simply by bringing them together.

Optional 400 mm extension to change the height of the structures

MagLink connectors 360° in each post

Modulate™ carry bag with dedicated slots for feet and graphics

Intuitive marking on each section for easy assembly

Self-locking system with elastic posts and push-fit button

Rounded or straight corners with the reference MOD-SQ-ANGLE

2 Stabilising feet with Twist & Lock system, supplied with each frame

Central reinforcement bar (18 mm diameter)

Double-sided custom printed fabric graphic that zips closed

### Tool-less assembly

Modulate™ structures are easy to assemble without tools. Each section is marked with numbers and colours and connected with push buttons. Once the structure is assembled, the Twist & Lock feet will rotate a quarter of a turn until they lock into a perfectly stable self-supporting frame. Finally pull-on the printed fabric graphic which perfectly fits to the contour of the frame.

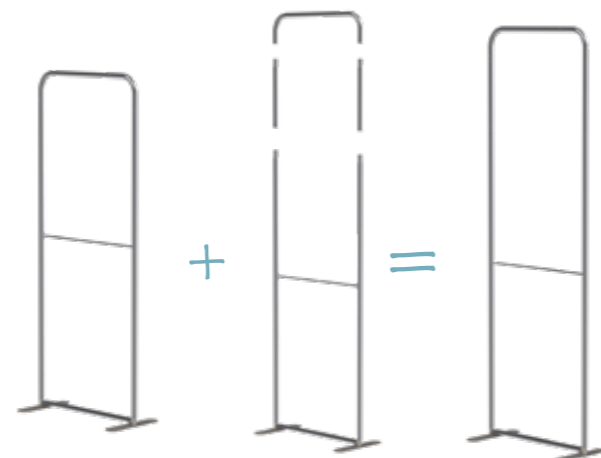

### Twist & Lock Foot installation

### Structures with unique technological innovations!

To add versatility to Modulate™ structures, a 400 mm tubular extension can be added. With this extension, which is easily placed between two sections, you can use the same frame with two different heights.

### Standard Modulate™ Frames

Modulate™ is an innovative double-sided display system that consists of a set of lightweight aluminium frames covered with a custom printed tension fabric graphic. Frames connect together using powerful magnets encased inside each element and can be joined at any angle to create shaped displays or backwalls. Frames are completed with tension-fit fabric graphic pulls over the frame and zips at the base. Frames are available in various widths and two height options. Each frame is supplied with two stabilising feet which can be used if required for extra stability. The Modulate™ Straight frames can be used on their own or combined with other frames to create hundreds of configurations.

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Shape	Straight
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic
Application	Free-standing with feet (included)
Transport	Modulate™ carry bag with dedicated pockets for the feet and graphics

## Modulate™ Straight

### Modulate™ Straight 420, 424

Straight 420 rounded corners	MOD-S-420	Ⓞ 418(w) x 2000(h) x 400(d) mm
Straight 424 rounded corners	MOD-S-424	Ⓞ 418(w) x 2400(h) x 400(d) mm
Straight 420 square corners	MOD-S-420-SQ	Ⓞ 418(w) x 2000(h) x 400(d) mm
Straight 424 square corners	MOD-S-424-SQ	Ⓞ 418(w) x 2400(h) x 400(d) mm

### Modulate™ Straight 820, 824

Straight 810 rounded corners	MOD-S-810	Ⓞ 818(w) x 1000(h) x 400(d) mm
Straight 820 rounded corners	MOD-S-820	Ⓞ 818(w) x 2000(h) x 400(d) mm
Straight 824 rounded corners	MOD-S-824	Ⓞ 818(w) x 2400(h) x 400(d) mm
Straight 810 square corners	MOD-S-810-SQ	Ⓞ 818(w) x 1000(h) x 400(d) mm
Straight 820 square corners	MOD-S-820-SQ	Ⓞ 818(w) x 2000(h) x 400(d) mm
Straight 824 square corners	MOD-S-824-SQ	Ⓞ 818(w) x 2400(h) x 400(d) mm

### Modulate™ Straight 1020, 1024

Straight 1020 rounded corners	MOD-S-1020	Ⓞ 1018(w) x 2000(h) x 400(d) mm
Straight 1024 rounded corners	MOD-S-1024	Ⓞ 1018(w) x 2400(h) x 400(d) mm
Straight 1020 straight corners	MOD-S-1020-SQ	Ⓞ 1018(w) x 2000(h) x 400(d) mm
Straight 1024 straight corners	MOD-S-1024-SQ	Ⓞ 1018(w) x 2400(h) x 400(d) mm

### Modulate™ Straight 1820, 1824

Straight 1820 rounded corners	MOD-S-1820	Ⓞ 1818(w) x 2000(h) x 400(d) mm
Straight 1824 rounded corners	MOD-S-1824	Ⓞ 1818(w) x 2400(h) x 400(d) mm
Straight 1820 square corners	MOD-S-1820-SQ	Ⓞ 1818(w) x 2000(h) x 400(d) mm
Straight 1824 square corners	MOD-S-1824-SQ	Ⓞ 1818(w) x 2400(h) x 400(d) mm

### Modulate™ Straight 2020, 2024

Straight 2020 rounded corners	MOD-S-2020	Ⓞ 2018(w) x 2000(h) x 400(d) mm
Straight 2024 rounded corners	MOD-S-2024	Ⓞ 2018(w) x 2400(h) x 400(d) mm
Straight 2020 square corners	MOD-S-2020-SQ	Ⓞ 2018(w) x 2000(h) x 400(d) mm
Straight 2024 square corners	MOD-S-2024-SQ	Ⓞ 2018(w) x 2400(h) x 400(d) mm

## Modulate™ Slope

### Modulate™ Slope

Material	Aluminium	
Tube	30mm Ø	
Assembly	Tool-free push-button connectors	
Shape	Straight	
Graphic area	Double-sided	
Graphic attachment	Zipped tension-fit graphic	
Application	Free-standing with feet (included)	
Transport	Modulate™ carry bag with dedicated pockets for the feet and graphics	

Slope 1	MOD-SS-824-01	Ⓞ, 818(w) x 2300(h) x 400(d) mm
Slope 2	MOD-SS-824-02	Ⓞ, 818(w) x 2400(h) x 400(d) mm

Slope 1                      Slope 2

### Modulate™ Door

The Modulate™ Door frame joins magnetically to other frames in the Modulate™ range and is tool-free in its design. Constructed from lightweight aluminium tubing with magnets held in the frames to join backwalls together. Complete with optional tension-fit fabric graphic, the door is ideal for store room areas or meeting rooms.

Material	Aluminium	
Tube	30mm Ø	
Assembly	Tool-free push-button connectors	
Shape	Straight	
Graphic area	Double-sided	
Graphic attachment	Zipped tension-fit graphic	
Application	Free-standing with feet (included)	
Transport	Modulate™ carry bag with dedicated pockets for the feet and graphics	

Modulate™ door Rounded corners	MOD-S-DOOR-820	Ⓞ, 800(w) x 2000(h) x 120(d) mm
	MOD-S-DOOR-824	Ⓞ, 800(w) x 2400(h) x 120(d) mm
Modulate™ door Square corners	MOD-S-DOOR-820-SQ	Ⓞ, 800(w) x 2000(h) x 120(d) mm
	MOD-S-DOOR-824-SQ	Ⓞ, 800(w) x 2400(h) x 120(d) mm

The Modulate™ Door can be used with either a left or right-hand handle

2 handles and 1 stop for Modulate™ Door  
MOD-S-DOOR-SP-01 included

2 Twist & Lock Square Feet  
MOD-FOOT-SQ-P included

An adjustable Foot  
Formulate  
FMLT-MOD-30-ADJ-F included

## Modulate™ ancillaries

### Modulate™ Half Feet (pair)

MOD-HALF-FOOT-P	Ⓞ, 80(w) x 6(h) x 215(d) mm
-----------------	-----------------------------

### Modulate™ Feet (pair)

MOD-FOOT-P	Ⓞ, 80(w) x 6(h) x 400(d) mm
------------	-----------------------------

### Modulate™ Bag

MOD-BAG	Ⓞ, 1020(w) x 225(h) x 100(d) mm
---------	---------------------------------

### Modulate™ 400mm Extension Kit

MOD-EXT400MM	Ⓞ, 3 tubes 400(h) x 30 (Ø) mm
--------------	-------------------------------

### Spotlight Clamp for Formulate / Modulate™ Tube

US903	Ⓞ, 48(w) x 32(h) x 50(d) mm
-------	-----------------------------

### Screen Holder for Modulate™ / Formulate Ø 30mm

LN136	Ⓞ, 900(w) x 1800(h) x 650(d) mm
-------	---------------------------------

## Pre-configured Modulate™ stand examples

This section showcases examples of various pre-configured Modulate™ Stands that can be achieved using the various Modulate™ hardware and ancillaries.

### Modulate™ Stand 9m<sup>2</sup>

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 right angles (x2)	MOD-S-2024-SQ
Straight 824 right angles (x3)	MOD-S-824-SQ
Door Modulate™	MOD-S-DOOR-824-SQ
Pair of half flat Feet (x2)	MOD-HALF-FOOT-P
Modulate™ counter	FORM-MOD-CNTR-01
Internal shelf	FORM-MOD-CNTR-02

Modulate™ cupboard perfect for storage

Optional Spot LED-STRIP-ARM-BDLK

Clamp US903

Bag MOD-BAG

### Modulate™ Stand 12m<sup>2</sup>

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 right angles (x3)	MOD-S-2024-SQ
Straight 1024 right angles	MOD-S-1024-SQ
Straight 824 right angles (x4)	MOD-S-824-SQ
Modulate™ Door	MOD-S-DOOR-824-SQ
Pair of half flat feet x4	MOD-HALF-FOOT-P

Possibility to add PS950-1000 LED spotlights

Half feet Twist & Lock MOD-HALF-FOOT-P grey

2 handles and 1 stop for Modulate™ Door MOD-S-DOOR-SP-01 included

## Modulate™ Stand 15m<sup>2</sup>

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 right angles (x3)	MOD-S-2024-SQ
Straight 1024 right angles	MOD-S-1024-SQ
Straight 824 right angles (x3)	MOD-S-824-SQ
Slope 2	MOD-SS-824-02
Door Modulate™	MOD-S-DOOR-824-SQ
Pair of half flat feet x4	MOD-HALF-FOOT-P
Modulate™ counter	FORM-MOD-CNTR-01
Internal shelf	FORM-MOD-CNTR-02

Configure the stand interior with additional Modulate™ frames

Possibility to add PS950-1000 LED spotlights

Half feet Twist & Lock MOD-HALF-FOOT-P

Accessorise with a Modulate™ counter

## Modulate™ Stand 18m<sup>2</sup>

The Modulate™ range is ideal for the design of small and medium sized exhibition stands. The assembly of Modulate™ structures is simple, without tools and allows unlimited modularity and evolution of your configurations.

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 right angles (x4)	MOD-S-2024-SQ
Straight 1024 right angles	MOD-S-1024-SQ
Straight 824 right angles (x4)	MOD-S-824-SQ
Door Modulate™	MOD-S-DOOR-824-SQ

Modulate™ cupboard - door with handle (without lock)

Modules join tool-free and without any connecting parts

The ease of assembly of the range allows for reconfigurable and reusable solutions: mix and match structures in an instant!

# Vector

## Visual marketing for every budget

Whether wall mounted, free-standing or backlit, the diverse range of Vector aluminium profiles provides a solution for every need and every budget.

They offer optimal visual impact and original designs that can be adapted to any event: showrooms, point of sale, exhibitions, museums and many others.

### Anodised aluminium profiles

The Vector range includes 7 aluminium profile models that are perfect for all applications. Let our overview table guide you and make your choice easily.

Code	VECTOR	Wall mounted	Free-standing	Illuminated	Double-sided	Premium range	Various colours
VWQF-CUSTOM*	20 mm QF	x					x
VWF-CUSTOM	20 mm Slim	x					
VLB30-CUSTOM	30 mm LED	x		x		x	
VKF-CUSTOM*	50 mm		x		x	x	
VLB75-CUSTOM*	75 mm LED	x	x	x		x	x
VLB100-CUSTOM*	100 mm LED		x	x	x		
VLB125-CUSTOM	125mm LED		x	x	x	x	x

\* Available in standard modules for stand application

## Vector Modules

### An ultra-compact solution

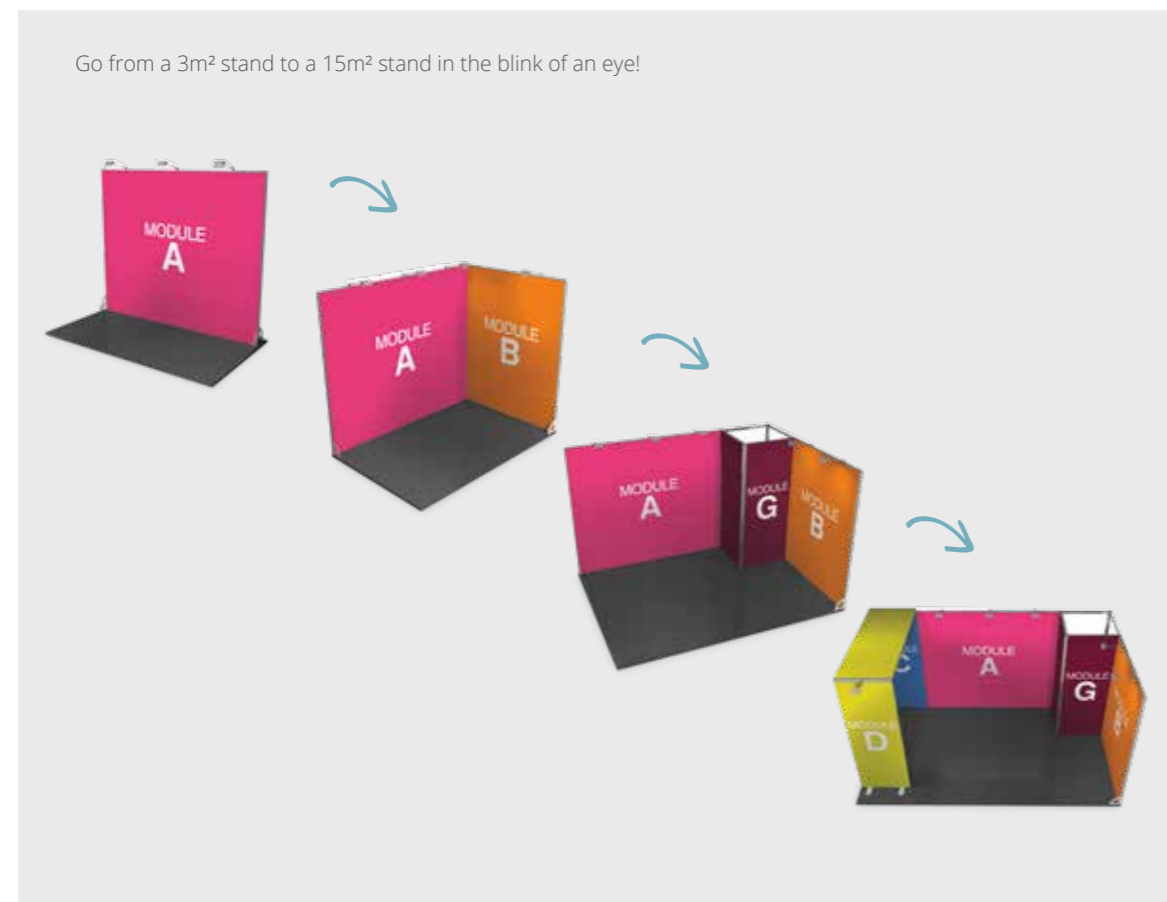

From free-standing textile walls to exhibition stands, the Vector range offers a versatile and adaptable solution for all your events. The Vector frame system with stretched fabric covering is one of the simplest communication solutions on the market, particularly in a stand environment. Scalable, reconfigurable, ultra-portable: go from a 9 to a 15 m<sup>2</sup> stand with ease. Easily create stands of all sizes and shapes and accessorise them with spotlights, counters, document holders, etc.

## A compact solution for portability and optimised storage

### Choose the Vector Modules:

- 50 mm aluminium profiles
- Different modules: walls, arches, LEDs, storage...
- Packaged in numbered sections of 1250 mm,
- Delivered in a cardboard box with assembly instructions, accompanied by the visual of your choice
- In stock all year round
- Each module is already perforated on 4 sides and equipped with the necessary screws: easily assemble different modules together, one Allen key is enough.
- Reconfigurable and reusable: store the stand at home in a small box (1350 x 400 x 300 mm)
- Excellent return on investment.

## Vector Modules – Walls

Material	Aluminium
Profile width	50mm
Profile Colour Tube	Anodised
Assembly	Connectors assemble using Allen key
Graphic area	Single and double-sided
Graphic attachment	SEG 3mm

Module A	MODULE-VFF-A	⊗ 2950(w) x 2500(h) x 50(d) mm
Module B	MODULE-VFF-B	⊗ 1950(w) x 2500(h) x 50(d) mm
Module C	MODULE-VFF-C	⊗ 950(w) x 2500(h) x 50(d) mm
Module M	MODULE-VFF-M	⊗ 2850(w) x 2500(h) x 50(d) mm
Module N	MODULE-VFF-N	⊗ 1850(w) x 2500(h) x 50(d) mm
Module O	MODULE-VFF-O	⊗ 450(w) x 2500(h) x 50(d) mm
Module L	MODULE-VFF-L	⊗ 2800(w) x 2500(h) mm

## Vector Modules LED

Material	Aluminium
Profile width	75mm and 100mm
Profile Colour Tube	Anodised
Assembly	Connectors assemble using Allen key
Graphic area	Single and double-sided
Graphic attachment	SEG 3mm
LED System	Pre-installed LED lighting

Module I	MODULE-VFF-I	⊗ 950(w) x 2550(h) mm
Module J	MODULE-VFF-J	⊗ 950(w) x 2500(h) x 75(d) mm
Module P	MODULE-VFF-P	⊗ 1850(w) x 2500(h) x 100(d) mm

## Post Module

Material	Aluminium
Profile width	50mm
Profile Colour Tube	Anodised
Assembly	Connectors assemble using Allen key, Screw-in strips

Post Module	⊗ 50(w) x 50(d) x 2500(h) mm
-------------	------------------------------

## Vector Modules Extensions

Material	Aluminium
Profile width	50mm
Profile Colour	Anodised
Assembly	Connectors assemble using Allen key
Graphic area	Single or double-sided
Graphic attachment	SEG 3mm

Module K	MODULE-VFF-K	Ⓞ 1050(w) x 1000(h) x 1050(d) mm
Module Q	MODULE-VFF-Q	Ⓞ 1850(w) x 1000(h) x 100(d) mm

Consider adding  
2 x 1000mm  
square posts

## Vector Modules Storage

Material	Aluminium
Profile width	50mm
Profile Colour	Anodised
Assembly	Connectors assemble using Allen key
Graphic area	Single and double-sided
Graphic attachment	SEG 3mm

Module F (door only) - Left handle	MODULE-VFF-FD-2	Ⓞ 940(w) x 1930(h) x 50(d) mm
Module F (door only) - Right handle	MODULE-VFF-FD-2R	Ⓞ 940(w) x 1930(h) x 50(d) mm

## Vector standard stand designs

This section showcases examples of various pre-configured Vector Stands that can be achieved using the various Vector hardware and ancillaries.

### Vector Stand 9m<sup>2</sup>

Material	Aluminium
Profile width	50mm
Profile Colour	Anodised
Assembly	Connectors assemble using Allen key
Graphic area	Single or double-sided
Graphic attachment	SEG 3mm

Module B (x2)	MODULE-VFF-B
Module G	MODULE-VFF-G-2
Pair of angled feet	SLF1P

Scalable stands go from  
9m<sup>2</sup> to 15m<sup>2</sup>

Screw together Module B to the  
corresponding post to form the  
desired configuration.

Possibility to add  
LED spotlights Exhibition  
Code : LED-EXHIB-ARM-BDLK

Angle foot  
Code: SLF1P

Return with lock  
and key set

## Vector Stand 12m<sup>2</sup>- Design 1

Material	Aluminium
Profile width	50mm
Profile Colour	Anodised
Assembly	Connectors assemble using Allen key
Graphic area	Single or double-sided
Graphic attachment	SEG 3mm

Module C (x2)	MODULE-VFF-C
Traverse 900 mm (x3)	LN605-900-L2
Module F	MODULE-VFF-F-2
Module V (x4)	MODULE-LN-V

A wide range of profiles

# Linear

## Versatility of profiles and print media

### Linear assembly principles

### Channelled profiles and crosspieces in anodised aluminium:

LN618 - Round post  
50mm 8 connections

LN616 - Square post  
50mm 8 connections

LN607 - Square post  
75mm 8 connections

LN605 - Beam 45mm

LN619 - Oval Beam  
50mm

### Graphic options for dressing structures

Whatever media you wish to use, you can choose to dress the structure entirely or partially.

PVC (1mm) graphics require the use of an adhesive magnetic tape which will be positioned on the back of the graphic with a metal strip that adheres to the structure.

Rigid panel graphics (5mm) allow the panel to fit directly into the channel of the post. If you wish to cover the entire structure, male and female hook and loop fasteners are used on the back and on the structure.

## Linear Modules

The Linear range is made up of different aluminium profiles and is intended to provide an alternative to fabric-covered structures. The construction of grooved poles and reinforcing crosspieces allows the structures to be fitted with flexible PVC or rigid panel graphics.

Linear Modules are made up of aluminium posts and cross beams cut into 1.25m sections and are available in five different shapes: connecting posts, straight walls, curved walls, and returns. Create stands of all sizes or shapes and accessorise them with spotlights, counters and literature holders.

## Linear Modules

The Linear range is available in 5 modules that can be combined to create different configurations.

Posts are cut into 1.25m sections, making them easy to transport and store. They are ready to be used with custom printed graphics.

Scalable solutions according to your needs and budget

Curved modules can be used in a concave or convex position

### Module V EU

# Arena Structures

## Arena Gantry structures for your stand

These 25mm diameter aluminium tubes have been assembled and welded into sections of various sizes to form the basis of an imposing and solid architecture.

A wide range of sections are available to make this solution compatible with your project requirements. With 14 components in various lengths and designs, you can create the right structure for you, and your chosen mode of transport.

### Simple, tool-free assembly

Simple assembly - sections are connected using the supplied bolt and wing-nut fixings, and no tools are required. The double-sided graphics are attached to the gantry using a bungee cord. Create maximum brand visibility with up to 6m sections without the need for reinforcement.

## Arena components

### Arena Straight Sections

The Arena Straight Sections are available in a variety of lengths, they are strong but lightweight with a natural silver grey finish. The system is quick and easy to assemble using bolt and wing-nut fixings. This aluminium tubular system is both modular and scalable, where different sections can be assembled and reused according to the needs of each project. The structure can then be dressed with interchangeable UV printed PVC graphics.

UT-S250	Section 250mm
UT-S500	Section 500mm
UT-S750	Section 750mm
UT-S1000	Section 1000mm
UT-S1250	Section 1250mm
UT-S1500	Section 1500mm
UT-S2000	Section 2000mm

### Arena Junction Sections

The Arena Junction Sections are available in a variety of configurations from: 3-way T-junction, 4-way corner junction, 5-way corner junction, and 6-way junction. The choice of sections enables a custom build design for your application to create a modular and scalable system. The structure can then be dressed with interchangeable UV printed PVC graphics.

# Arch

## Formulate Arch

When display formats become common place and no longer stand out then choose something with an innovative shape! The Formulate range offers a variety of great shapes with clean lines, ideal for creating picture backwalls or defining areas in rooms by screening or zoning. The double-sided tension fabric graphics perfectly contour the shaped aluminium structures and maximise brand messaging.

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Shape	Arch
Graphic area	Double-sided
Graphic attachment	Zippered tension-fit graphic
Application	Free-standing

Formulate Arch	FORM-ARCH-01	4000(w) x 3000(h) x 900(d) mm
----------------	--------------	-------------------------------

## Display Backwalls

Display Backwalls create a dramatic backdrop to events, presentations, product demonstrations, pop-up shops or window displays. They are also ideal for smaller spaces, or as large static advertising boards in public spaces such as museums, reception areas, public transportation hubs and other large spaces.

Segmented Frame Walls are fully configurable, professional grade backwalls, where flexibility, ease of storage, reusing, portability and assembly are important. The pop-up display backwalls are constructed from lightweight aluminium scissor mechanisms, that are easy to transport, assemble and store, and are ideal for small exhibitions or events, as well as static displays. For a simple backdrop, the Pegasus tension walls offer a cost effective, easy solution to meet those needs. Configurable in both height and width, the tension wall is quick to assemble and makes an ideal backdrop to temporary or short-term presentations.

## Display Backwalls

Our backwalls are available in several system configurations, depending on the application, with each offering a different method of construction, illumination and use.

# Illuminated pop-up backwalls

## Embrace+

Bring drama and impact with large illuminated backwalls, U-shapes or seamless 90° corner walls using Embrace+; the premium portable LED tool-free system. Comes in a selection of sizes and is linkable so Embrace+ can fit and brighten-up any size event.

## Formulate Straight

Formulate Straight backwalls are constructed of lightweight 30mm diameter push-fit aluminium tubing for tool-free simple deployment. Complete with optional double-sided dye-sublimated tension-fit fabric graphics that zip at the base to perfectly contour the shaped aluminium structure and maximize your brand message. Formulate displays offer a variety of great shapes with clean lines, ideal for creating picture backwalls or defining areas in rooms by screening or zoning.

<b>Material</b>	Aluminium tubing
<b>Tube</b>	Ø 30 mm
<b>Assembly</b>	Push-fit / Allen key
<b>Shape</b>	Straight
<b>Graphic area</b>	Double-sided
<b>Graphic attachment</b>	Zippered tension fabric graphic
<b>Application</b>	Free-standing with feet (included)

2400 mm	FORM-STR-24	Ⓞ 2350(w) x 2380(h) x 400(d) mm
3000 mm	FORM-STR-30	Ⓞ 2950(w) x 2380(h) x 400(d) mm
4000 mm	FORM-STR-40	Ⓞ 3950(w) x 2380(h) x 400(d) mm
5000 mm	FORM-STR-50	Ⓞ 4950(w) x 2380(h) x 400(d) mm
6000 mm	FORM-STR-60	Ⓞ 5920(w) x 2380(h) x 400(d) mm

Feet included

Bungee tubes

Numbered system for easy assembly

Gloves included

## Formulate Horizontal Curve

Formulate Horizontal Curve displays are an eye-catching shape, constructed of lightweight 30mm diameter push-fit aluminium tubing, combine with a zippered tension-fit graphics for tool-free impressive backwalls. Formulate displays offer a variety of great shapes with clean lines, ideal for creating picture backwalls or defining areas in rooms by screening or zoning. The optional double-sided tension fabric graphics perfectly contour the shaped aluminium structures and maximise your brand message.

<b>Material</b>	Aluminium tubes
<b>Tube</b>	Ø 30 mm
<b>Assembly</b>	Push-fit button
<b>Shape</b>	Horizontal curve
<b>Graphic area</b>	Double-sided
<b>Graphic attachment</b>	Zippered tension fabric graphic
<b>Application</b>	Free-standing

2400 mm	FORM-CUR-24	Ⓞ 2350(w) x 2380(h) x 500(d) mm
3000 mm	FORM-CUR-30	Ⓞ 2950(w) x 2380(h) x 500(d) mm
6000 mm	FORM-CUR-60	Ⓞ 5950(w) x 2380(h) x 900(d) mm

Zippered tension fabric graphic

Bungee tubes

Numbered system for easy assembly

Possibility to add LED Spotlights and Ancillaries

## Formulate Meeting Pod

Formulate Meeting Pods are an eye-catching and functional way to create a simple break-out area from lightweight 30mm diameter push-fit aluminium tubing and optional zippered tension-fit graphics for tool-free impressive structure. Formulate displays offer a variety of great shapes with clean lines, ideal for creating shapes or defining areas in rooms by screening or zoning. The double-sided tension fabric graphics perfectly contour the shaped aluminium structures and maximise your brand message.

<b>Material</b>	Aluminium tubes
<b>Tube</b>	Ø 30 mm
<b>Assembly</b>	Push-fit button

## Vector 50mm Kit

Robust aluminium free-standing frame, packs down for ease of transportation and available in a wide range of sizes accommodating a SEG graphic creating the perfect look for any retail scenario.

Material	Aluminium
Profile width	50 mm
Profile colour	Anodised
Assembly	Push-button connector, Allen key
Graphic attachment	Silicone Edged Gasket 3 mm (SEG)
Graphic area	Single or double-sided
Application	Free-standing with flat feet (included)

Kit 2x1	VKF-2x1	Ⓞ 1000(w) x 2005(h) x 350(d) mm
Kit 2x2	VKF-2x2	Ⓞ 2000(w) x 2005(h) x 350(d) mm
Kit 2x3	VKF-2x3	Ⓞ 3000(w) x 2005(h) x 350(d) mm

Connect several kits together for larger displays

Flat foot included

Fabric graphic attaches with silicone edging (SEG)

Screw several frames together

Push-button assembly of corner sections

## Baseline Panel and Pole Kits

Panel kits are easy to assemble, reconfigure and re-position. Baseline Panel and Pole kits can be positioned in multiple ways and come in two heights (600mm or 700mm) and two widths (900mm or 1000mm). Stabilising feet are included and kits are manufactured to order.

Material	PVC / Aluminium
Profile Colour	Grey
Finishes	Baseline board with grey PVC or aluminium frame / Baseline Plus board with grey PVC frame
Graphic area	Single or double-sided
Graphic attachment	Hook fixing
Graphic option	Felt coating * or optional Rigid replacement printed panels (3mm)
Application	Free-standing with stabilising feet (included)

## Display Signs

We provide a comprehensive range of professional display signage solutions for a variety of uses. From navigational signs to advertising, information, decorative and display needs.

Display signage solutions are versatile, reusable, durable, and reliable, ensuring investment in hardware is maximised, whilst allowing the flexibility to update marketing messages frequently.

## Display Signs

With a wide choice of installation options such as wall, suspended or free-standing, as well as eye-catching illuminated lightbox versions, we are proud to offer one of the most comprehensive ranges on the market.

# Non-illuminated free-standing signs

## Wedge

Wedge is a weighted clamping banner base range that comes in 2 parts and is designed to hold a variety of rigid substrates for indoor or temporary outdoor usage. Available in four sizes from 300mm up to 1000mm Wedge can be used in tandem with a second pair of bases to create larger displays.

<b>Material</b>	Powder coated steel
<b>Graphic area</b>	Single or double-sided
<b>Graphic attachment</b>	Screwed to base
<b>Graphic option</b>	Rigid panel from 18-40mm thickness - optional extra 1500mm height max.
<b>Application</b>	Free-standing

Wedge 300 mm	UB102-300-S	⊗ 300(w) x 85(h) x 360(d) mm
Wedge 600 mm	UB102-600-S	⊗ 600(w) x 85(h) x 360(d) mm

## Shield

The Shield sign is a fantastic alternative to the traditional A-board sign. Unlike A-boards the weighted tough rubber base prevents Shield from falling over and the sleek UV printed aluminium graphic panel has a professional enduring finish even in inclement weather. Ideal double-sided display for use in all weathers, as well as in high volume traffic settings.

<b>Material</b>	Recycled rubber base, aluminium panel (1.2 mm)
<b>Graphic area</b>	Double-sided
<b>Graphic attachment</b>	Bolts
<b>Weight</b>	6.5 kg
<b>Wind resistance</b>	Up to 18 mph / 29 km/h

## Street Sign

A durable outdoor double-sided sign frame with a standing height of 1135mm when deployed. There is a recessed area on each side of the frame that will accommodate a poster size graphic and is covered by a PET poster protection screen to protect the poster face. The unit is equipped with hinges attached to both sides of the frame to ensure stability once deployed. The sign frame folds flat to save space when storing and has an integrated wheel system on the base making it easy to reposition without the need for heavy lifting.

<b>Material</b>	Aluminium, steel, PVC sheet cover
<b>Graphic area</b>	Double-sided
<b>Graphic attachment</b>	Frame lock
<b>Wind speed</b>	18 mph

# Strata

Give perspective to your indoor display!

Strata is a versatile display system that can be fixed directly to the wall or on a cable, for an adjustable suspended display.

Ideal for a structured mechanism to display your materials including acrylic, plastic and wood. Often used for displaying properties for sale in estate agencies, case studies on an exhibition stand, or key messages on a backwall.

## Strata

### 1 Stand-offs

- 11 mm diameter aperture is required in the substrate
- Screw fasteners
- 25 mm diameter compatible with 5 to 20 mm thick signs

Ø25 mm Stand-off	PO117
------------------	-------

## Strata components

### 2 Acrylic Poster Holder

- Acrylic poster holders have wings to take panel support fixings
- Available landscape or portrait

Support A4	AH414L/P
------------	----------

### 3 Double Panel Support

- Double rotating fixture suitable for 7mm thick substrates and A1, A2 and A3 poster holders
- 7mm - 16mm diam. x 43mm with rotating feature for multi-angle fixing

PO121	⊙, 43(h) x 16 (Ø) mm
-------	----------------------

### 4 Panel Supports

- PO112 suitable for 4mm thick substrates and A4/A5 poster holders

PO112	⊙, 20.5(h) x 16 (Ø) mm
-------	------------------------

### 5 Rotating Edge Stand-offs

- Eliminate the need for an aperture in the substrate
- Suitable for 2-10mm thick substrates in rail or screw options
- Distance from wall or ceiling 18.5mm approx.

PO119-S	⊙, 34(h) x 16 (Ø) mm
---------	----------------------

### 6 Compact Variable Cable Fixing

- 180° variable angle fixing
- Screw fixing
- Cannot be used with PO110 cable kit, use PO109

PO108 (Vis)	⊙, 25(h) x 16 (Ø) mm
-------------	----------------------

### 7 Adjustable Fixing Cable

- Supplied with rail fixings
- Can be fixed wall-to-wall, floor to ceiling, direct to wall - extra components required

PO109	⊙, 4000(w) x 1,5 (Ø) mm
-------	-------------------------

### 8 Insert for Screw Fixing

- Suitable for PO109 Strata Cable Kits and Stand-off components

Screw mounting	PO116
----------------	-------

## Display Banners

Portable display banners are ideal for a temporary but stable communications tool.

Our unique range of Display Banners are highly portable, quick to deploy and suitable for a broad range of applications. Choose from the economy range through to premium options for use indoors or select specifically designed solutions for outdoor applications.

Alternatively the fabric systems are a premium display solution, featuring aluminium tubing, with double-sided high-quality dye sublimated fabric graphics. Easy to deploy with tool-free assembly.

## Display Banners

Affordable by nature, the roller banner range delivers a convenient, tool-free solution, with retractable graphics that deploy in seconds. Choose from a range of indoor or outdoor designs that best suits your application, with single or double-sided graphic options.

Tension banners are constructed of lightweight materials and offer the best value for money.

# Lightboxes

## Illumigo™ One

Illumigo™ One is a vibrant portable single-sided lightbox with the option to have a rear facing textile graphic unit. Standing 2000mm high and 850mm wide, the slim 60mm profile has a white powder coated finish and benefits from tool-free plug and play assembly due to an easy to follow numeric system, rollable LED panel and pre-assembled twist-out feet.

# Roller banners (premium)

## Merlin

Merlin is a sleek and elegant premium roller banner with an interchangeable graphic cassette which extends the life of the banner as graphics are quick and easy to change. The graphic cartridge is housed independently from the main base unit so it is simple to remove and replace with new graphics and old graphics can also be reused, just by swapping the cassette. A great value for money solution if the message or marketing campaign changes regularly. The Merlin roller banner comes with our manufacturer's quality warranty, giving you peace of mind that it will perform every time.

<b>Material</b>	Aluminium and plastic
<b>Rail</b>	Snap rail
<b>Pole</b>	Hybrid adjustable height telescopic pole
<b>Leader</b>	Cassette banner with adhesive leader
<b>Graphic area</b>	Single-sided
<b>Feet</b>	Adjustable
<b>Transport</b>	Padded nylon with side opening and foam reinforced ends

## Flag Banners

Draw attention to branding, products, services, or business premises with custom printed flags. Instantly noticeable due to their height, shape, and movement, our all-fibre flag poles are durable and flexible, easy to assemble and quick to deploy, making them an extremely effective means of advertising.

Choose from a range of free-standing, post / wall mounted, mobile and specialist hardware that can be used in a variety of applications such as car forecourts, festivals, and beach flags.

Alternatively, deploy taller or multiple flags to increase visibility and attention to branding. Our all-fibre flag poles are reusable with interchangeable graphics for greater return on investment. To protect this investment, it is recommended that flags be kept securely in place by selecting an appropriate base suitable for the desired application and location from the specifically designed range.

## Flag Banners

Available as single or double-sided options and printed using hardy, UV resistant media, flag graphics can be utilised indoors or outside with standard or custom flag shapes.

# Free-standing flags

## Zoom+ Quill / Feather Flag

Popular and versatile, lightweight flexible flag system, with black finish all fibre poles. Choose Feather or Quill shaped graphics. Ideal for advertising and used for all types of indoor and outdoor displays. Optional custom printed flag graphics are available in a range of sizes from small to extra-large and, with a choice of single or double-sided options (small, medium, and large). The eye-catching shape creates movement in the wind and is a great for attracting attention.

<b>Material</b>	GRP fibre glass pole

## Tents

Take advantage of outdoor events with a temporary structure and create additional marketing opportunities. Offer customers protection and shelter from the weather by choosing custom-printed tents, that also provide an attractive brand marketing solution.

Conventional pop-up tents and gazebos are fantastic provisional outdoor or indoor structures which provide a unique way to advertise in a vibrant impactful manner with fully printed canopies and walls.

Constructed from robust steel or aluminium in a variety of sizes that are easy to transport, assemble, deploy and pack away, pop-up tents are ideal for short term events, fairs and exhibitions.

## Tents

For a more unique and unconventional structure, choose the Bora Inflatable Tent. Simple to inflate for rapid deployment with an appealing eye-catching shape, the Bora, like pop-up tents, also offers optional printed canopies and walls. Customisable areas make highly effective brand messaging, ensuring maximum impact at events. As with all custom-printed graphics, they can easily be replaced, meaning you are also able to reuse your hardware, improving your return on investment.

# Pop-up tents

## Zoom Tent Eco

The Zoom Tent Eco is the most cost-effective gazebo in our range. Quick and easy to deploy, the 3x3m tent can easily accommodate a 2.4m wide table making it a great solution for street markets, golf days or sporting events. Made from steel with a white powder coated finish, the frame easily shelters up to five people and folds completely into a portable wheeled carry bag. Custom fully printed canopy and walling available as an optional extra.

<b>Material</b>	Steel frame, plastic joints
<b>Graphic area</b>	Double-sided (wall) / single-sided (canopy)
<b>Graphic attachment</b>	Hook and loop

## Inflatable tents

### Bora Tent

The Bora Inflatable Tent is a sturdy and attractive option for outdoor displays. Create shade and shelter for a registration desk, refreshment area or meeting point that fully shows off your brand. As one of the largest products in the range, there is plenty of print area on the canopy and backwalls (optional extra) for brand messaging. The backwalls zip in, so can be changed for a different message from the canopy if you wish. The Bora Tent uses trapped air technology: silent and free-standing once inflated.

## Counters

Temporary counters add a professional touch to any exhibition, event, or retail environment. They provide a useful area for display or presentation space and, the ability to add a graphic, creates additional marketing opportunities as well as offering a convenient storage facility.

Our counters are available in a range of price points and shapes, depending on requirements. Add impact to a welcome desk or a reception area in a public space with an illuminated counter or choose an outdoor option to promote a product or service at an open-air event.

## Counters

Counters are the perfect partner for a promotional display or event to complement a backdrop or add focus to an area and are the ideal companions for any marketing campaign.

# Non-illuminated promotional counters

## Pop-up Counta

A convenient lightweight pop-up counter that offers a substantial area to welcome guests yet packs down for easy transportation in a reinforced D-shaped wheeled trolley case. The counter comes with shelves for storage and a beech-coloured counter-top. Often used for exhibitions, in supermarkets as a demonstration unit and for events.

## Illuminated promotional counters

### Embrace+ LED Counter

The Embrace+ Backlit Counter is a double-sided portable unit that can be quickly deployed and will add impact to any event or exhibition stand. The counter comprises of four main components: the collapsible white aluminium powder coated frame, the LED curtain lights, the counter-top and a set of optional SEG tension fabric graphics. The backlit LED curtain lights provide consistent illumination with no black spots and are powerful enough to illuminate both sides of the frame, without the need to add an additional LED curtain.

Steel side feet for stability

## Barriers

Barrier systems improve queue management and help with crowd control.

For pedestrian control, café barriers can be used to make an attractive, professional and functional barrier, creating a temporary space that can be easily reconfigured to suit your needs.

Café barriers are easy to store, assemble, deploy and move to suit your requirements. They are available in economy and premium solutions, depending on your application and budget.

## Barriers

Queue management systems can be used to control queues, providing structured and manageable lanes to help marshal customers and are also suitable for indoor or outdoor use.

## Pedestrian control standard barriers

### Economy Café

A cost-effective way of defining areas outside restaurants, bars, shopping centre and coffee shops. A complete Café Barrier system requires two posts and bases. To secure the graphic, there are two options; dependent on budget and where the system is being deployed. If the Café Barrier is exposed to strong winds, we recommend a two-rail option ensuring the graphic is secured top and bottom to each post and base. If winds are not an issue but the budget is tight, then we suggest a single rail with two spring clips securing the bottom of the graphic. Rails are available in 1m, 1.5m and 2m sizes so it is quick and easy to calculate the number of café barriers required to define your space. To connect multiple barriers, add your choice of rails/spring clips plus one additional pole and base. All hardware components are finished in black. We can print vibrant graphics on PVC vinyl or recycled eco media.

Material	Stainless steel
Graphic area	Double-sided / or single-sided
Graphic attachment	Looped top rail. Looped bottom rail or spring clips
Weight	9.13 kg

Graphic Rail 1000 mm	UB214-1000	Ⓞ 1140(w) x 25(h) mm

## Pedestrian control premium barriers

### Deluxe Café

With premium look and feel the modular Café Barrier system defines areas outside restaurants, bars, coffee shops, shopping centre and club houses. A complete Café Barrier system requires two posts and bases. To secure the graphic, there are two options; dependent on requirements and where the system is being deployed. If the Café Barrier is exposed to strong winds, we recommend a two-rail option ensuring the graphic is secured top and bottom to each post and base. If winds are not an issue and you want movement in the graphic, chose a single rail with two spring clips securing the bottom of the graphic. Rails are available in 1m, 1.5m and 2m sizes so it is quick and easy to calculate the number of café barriers required to define your space. To connect multiple barriers, add your choice of rails/spring clips plus one additional pole and base. All hardware components are finished in a premium chrome effect. We can print vibrant graphics on PVC vinyl or recycled eco media.

Material	Stainless steel chrome
Graphic area	Single / double sided

## Lighting (standard)

### Powerspot 950/1000 LED

Economical black LED spotlight particularly suitable for use with pop up stands.

<b>Material</b>	Aluminium and plastic
<b>Positioning</b>	270° - Straight arm
<b>Watt output</b>	12 watt (1400 lumens/5500 kelvins)
<b>Watt consumption</b>	12 Watt (1400 lumens/5500 Kelvins)
<b>Linked lights</b>	2 max
<b>Double kit includes</b>	2 spotlights + 2.5m linking lead + 1 transformer
<b>Power lead UK &amp; Euro</b>	Yes (cross head screwdriver needed)

Double kit	P5950-1000-BDLK	Ⓞ 103(w) x 425(h) x 29(d) mm
------------	-----------------	------------------------------

Transformer included

## Lighting (premium)

### LED Floodlight

The LED Floodlight is the new stylish and economical way to illuminate a range of exhibition stands including Pop-ups, Formulate and a range of modular systems. Don't let the compact design fool you, this small LED light is still capable of producing 1200 lumen but still only consuming a small amount of energy, making it far more efficient than the halogen equivalents. Link up to 5 lights together from one transformer, so no need for extra transformers just link them together with handy linking cables.

<b>Material</b>	Aluminium and plastic
<b>Watt output</b>	80 watt
<b>Watt consumption</b>	12 watt (1200 lumens/5631 Kelvin)
<b>Linked lights</b>	Link up to five to one transformer
<b>Double kit includes</b>	2 spotlights + 2.5m linking lead + 1 transformer
<b>Power lead UK &amp; Euro</b>	Yes (cross head screwdriver needed)

Double kit	LED-FLOOD-ARM-BDLK	Ⓞ 295(w) x 483(h) x 60(d) mm

## LED Strip Light

The LED Strip light is designed to work with a wide range of exhibition stands including, Pop-ups, Formulate and a range of modular stands. It has a unique wide head design feature, allowing for a wider spread of light, helping you illuminate more of your message. Link up to 5 lights together from one transformer, so no need for extra transformers just link them together with handy linking cables.

<b>Material</b>	Aluminium and plastic
<b>Watt output</b>	80 watt
<b>Watt consumption</b>	12 watt (1200 lumens/5631 Kelvin)
<b>Linked lights</b>	Link up to five to one transformer
<b>Double kit includes</b>	2 spotlights + 2.5m linking lead + 1 transformer
<b>Power lead UK &amp; Euro</b>	Yes (cross head screwdriver needed)

Double kit	LED-STRIP-ARM-BDLK	100(w) x 520(h) x 35(d) mm
------------	--------------------	----------------------------

Transportation box

Transformer included

## LED Exhibition Light

Specifically designed to work in conjunction with The Linear and Vector channel; this latest design requires no extra fitting, just plug in and switch on. Not only does the slick design make the LED Exhibition light stand out from the crowd, the clever design cast out of aluminium allows any heat to dissipate over the entire body of the light, stopping any localised heat, which allows for long use with no over heating. Link up to 5 lights together from one transformer, so no need for extra transformers just link them together with handy linking cables.

<b>Material</b>	Aluminium and plastic
<b>Watt output</b>	80 watt
<b>Watt consumption</b>	12 watt (1200 lumens/5631 Kelvin)
<b>Linked lights</b>	Link up to five to one transformer
<b>Double kit includes</b>	2 spotlights + 2.5m linking lead + 1 transformer
<b>Power lead UK &amp; Euro</b>	Yes (cross head screwdriver needed)

# Applications

We Provide creative display solutions that suit a multitude of industry applications.

Our display products are not only multi-functional and in many cases reconfigurable, but they can also be used for an array of different applications across a multitude of industries.

From retail or educational settings, outdoor sporting events to hospitality and corporate events; our creative display solutions are suitable for more than just exhibitions.

The following pages are a guide for where our popular products are often used to enhance brand messaging, in a vibrant and eyeing catching way.

## Retail

In the age of digitalisation, the main challenge for retail is to consider the customer experience at the point of sale.

### Window displays

### Commercial events

### Retail signage

### Pop-up Store

### Seasonal Campaigns

### Sales

### Shop openings

### Click and collect

### Car showroom

## Leisure Activities

The leisure industry represents an important part of the economy. From hospitality through to galleries, promoting the benefits of improved well-being and quality of life is essential with innovative displays that catch the eye.

## Cultural Events

Social events with a national or international scope involve a large audience and can have a huge impact. The organisation is often extremely complex and requires significant communication resources.

Fundraising

Festivals

Fairs and markets

Cinema foyers

Art galleries

Military open days

Electoral campaigns

Fashion shoot

## Corporate Events

Corporate events are essential for companies to maintain close relationships and partnerships with their customers, business partners or employees.

## University Events

Educational, artistic and cultural events offer encounters, projects and practical experiments. The aim is to ensure artistic and cultural educational coherence for all pupils.

### Product launches

### Brand launches

### Sales meetings

### Open days
